

Hello Cely

Amado's allegations are shocking to us. We will let the court do its due process and hoping that the truth comes out and justice prevails.

With regards to your email, why are you including us on this issue between Amado and Rey? Amado has not ever said anything to us about Rey. Luisa and I didn't know anything about these allegations against Amado until we received an email from Ted Alcuitas and Jim Wong Chu in the last few days.

Hi,

This will be the headline for the SHOWBIZ TODAY...
copies will be out this morning. Also, The Province article is out too
about Mr. Lugtu!

Just want to let you know the Mr. Amado Lugtu
has been doing these scams since way- way back... maybe Mr. Morelos know about this...
even some of our friends were victimized
but did not do anything and same with us, protecting
fellow filipinos. It is only now that we heard of any past misdeeds or wrongdoings by Amado. Nobody told
us anything until now. Cely, you are admitting here you knew about these allegations against
Amado "since way-way back". Did you ever do any investigative reporting or even awareness
on these matters in the past to protect the community?

But when out of the blues, emailed Rey
about this threat, no way we can be silent!

Just to let you know I also have a copy of your thread since
July 4, sent by a dear friend of ours- where you have the LookUp, Look Up picture. What about the Look Up,
Look Up picture? This picture was taken by Bert Morelos during our wrap up filming at Lake City Studio on
July 3rd. It was a last minute invitation to over a hundred known supporters of Simply The Best including
Luisa's family and friends. Amado, Bert and Reeve dropped by. That time we were not even aware of
Amado's allegations.

I don't know what's your plan for Rey but still
our Angels are protecting us.... Cely, is this question to us? What is the meaning of this? we don't
scam anybody.

**We have paperworks to support anyone who wants to join our
team.. Those few who join us are the ONES SCAMMING US!!!** What does this mean?

We are requesting to please do not include us on your next email correspondence to Amado. We are also
going to ask Amado to do the same. Thank you very much.

Cely, I think it will be better for us to meet personally than emailing our concerns back and forth. We are very bothered by everything that is happening in the community. People from different directions are coming to us to tell us their concerns. Let us know yours and Rey's availability.

Regards,
Steve Marshall
